**COMMENTS:**

This bill would require businesses to disclose to their consumers if any energy related surcharges or fees are added to the basic cost of a service.

The January 7, 2002, amendment deleted the earlier provisions of the bill relating to the purchase of power generation systems, and added the language discussed above. As a result, the department's analysis of the bill as introduced February 23, 2001, no longer applies. This bill no longer impacts the department's programs and operations or state income tax revenue.
